A little bit about iCount Training...

iCount Training has been successfully delivering courses for the AAT qualification in Manchester since 2011, in our bright and modern training centre.

Our team of dedicated and experienced tutors will help you develop your knowledge and learn new skills, giving you an excellent grounding for a career in accounting and finance.

AAT is a highly respected, globally recognised qualification which also provides generous exemptions with all UK chartered and certified accountancy bodies. It is the perfect introduction to becoming professionally qualified, should you wish to follow that route.

iCount's quality and commitment to student success has been recognised by all of the professional accountancy institutes. We have been awarded numerous accreditations in recognition of our success, including an AAT Training Provider award in 2016.

Whether you are self-funded, sponsored by your employer or an apprentice, we can support you and your company through your AAT qualification.

Our approach to your studies:

- Our dedicated team will handle your enquiry and booking (no call centre).
- Structured tuition with a clear breakdown of the syllabus at the start of each unit so you know what will be covered in each session.
- Exam standard question practice incorporated into all classes with a clear link to the examiner's report.
- Each new topic covered within a unit is linked to the specific task of the exam in which it will be tested so you have a clear exam focus throughout your studies.
- Weekly homework set with the opportunity for you to submit to your tutor and get detailed personal feedback.
- Dedicated revision sessions practicing exam style questions to time with full tutor debriefs.
- Mock exam set at the end of the course with detailed mock feedback and areas to review provided by tutor within 2 working days of submission.
- Pass Assurance Plus* means you pay only once but in the unlikely event you aren't successful you can attend our courses for life until you succeed—we also honour other colleges' pass assurance. Call us to find out more.

*to qualify for pass assurance plus, you must attend all dates of the course and submit the end of course mock exam.

iCount has a long and successful record of working with companies across the North West to deliver the highest quality training at value prices. If you have several members of staff studying AAT, or indeed any accountancy qualification, please get in touch to hear how we could potentially save you money with our corporate discount scheme.
